Acknowledgments

February is synonymous with love, a subjective feeling. All too often we categorize it as directed affection between two individuals. It can take many forms. This is a challenge for the community to think of love as an all encompassing emotion that transcends life.

Lets praise the gift we've been given; plenty of snow! The season's snowiest months are February and March. Hopefully, snow pack we've recieved will become a common theme for years to come. It's not too early to start thinking of water conservation. Just because we started off good, doesn't mean we are out of the drought's clutches. The reservoirs were dangerously low the last couple years. We could see where the lake lines receded. With all the wet weather lately, people might start forgetting how treacherous the situation is up there. Remember, our drinking water comes from up there. Show the Mesa some Love!

PUBLISHING & DESIGN JESSE FORNWALT

Frozen seems to understate the actual coldness that has swept over the valley. The one thing we can count on to warm us up is love! Snow, Music, charities and sleep are all things we can definitely love.

This month we are talking with Ute Water about snow fall totals, and what it would take to bring our lakes and reservoirs up to par. We also find out some other unfortunate information from them about water rate increases.

Mesa Theater hosted an exemplary night of musical talent; Just As Well, and Peach Street Revival, two bands quickly becoming sensational locally and beyond. The music they play proved to be applaud and encore worthy. Hopefully we get to see them again soon, but find out on page 12 how you can get a taste.

Judy's Mattress Warehouse shows all the love with half the population's favorite thing to do, sleep. Find out about Judy's exceptional knowledge of mattresses

and furniture. Last, we have come across some selfless individuals who help community and show their love by giving food away every month. Way to go Canyon View Vineyard Church!

It doesn't matter what your favorite season is. Whether you like fishing in the warm summer air, or making fresh tracks in powder. Water levels matter! In 2021 Ute water had to release Colorado River water to the valley's drinking supply for the first time in 65 years because of exceptional drought conditions.

“Drought Pumping Rate” *Ute Water*. Nov 1st, 2002. www.ute-water.org/droughtinfo

Compared to previous winters, we have started off wonderfully! There isn't anything better than seeing mountains of snow after droughts brought our reservoirs to alarming levels. One may wonder what it would take to get our Mesa of Thousand Lakes to even out?

Logan Wagner, Assistant to Andrea Lopez, External Affairs Manager of Ute Water says, “2022 was an alright year; however, the dry ground just soaked the water right up”. Logan says the start of this year is looking good. The best months,

February and March are still to come, but with 138% Snow Water Equivalent for Mesa Lakes reservoir and 191% for Park reservoir, you would think we are doing good.

If you paid attention last summer, most lakes on the Mesa are still suffering tremendously. Alga is growing places it shouldn't be, old sunken boats are reappearing, and previous water lines can be seen as waters recede. Even though it looks exceptional, we have a long way to go Logan iterates. If we continue on a path that grants snow like this for the next 10 years, we might get back to normal levels.

With weather being as erratic as it has in the past few years, we can only hope the above photos become a common theme. Our Mesa provides us with recreation and most vital part of our existence, water. Conservation should always be kept in mind. As a community we can contribute by abiding to restrictions and only using what is necessary.

We can prepare for another water rate increase according to Ute Water's website, “Beginning February 1, 2023, water rates and water tap fees will increase. The monthly minimum will increase from \$22.00 to \$25.00. Tiers above the 3,000-gallon minimum will increase by approximately 15%”. However, we should not only consider our wallets, but also the Mesa and it's precious resources.

For more ways you can help conserve water go to:

Mesa THEATER

It's an absolute pleasure to see two local bands playing with such energy, while having a great time! Just As Well and Peach Street Revival, two completely different sounds, came together in a harmonic set. Driving the crowd wild with their performances, both bands were adept at bringing the audience to life!

Just As Well was first up. Formed in 2020, the band was received warmly by fans, and provided an electric energy which charged the crowd with excitement.

The five member band includes Lead Singer Dante, Jason Medina on guitar, Micheal Minervini on drums, Alex Murillo on saxophone and Caleb Dresser playing bass. The band has a ska beat, mixed with Sublime feel to them. Dante wasn't scared to interact with the crowd. Jumping off stage to dance. His passion overflowed as he mingled with the audience and didn't miss a beat.

Dante did mention that their normal bassist couldn't make it. Caleb Dresser from another local band, Dear Friday was kind enough to grace them with his abilities. Dante says, "He learned our set in just 3 days and absolutely killed it!". They are in the process of finding another bassist, but will still be playing locally.

ater has been a wonderful place for many bands to grow in this valley. We love the big stage, lights, sound, and staff! They always treat us like gold. We have created a love affair with our Grand Junction fans at Mesa Theater".

The lady dominated band comprised of Jordan Will, the Bassist and back up vocalist to the bottom right; Sofia Benham Drummer and backup vocals, Cooper Shull on Guitar, and of course as previously mentioned, Lead Singer Gonzales.

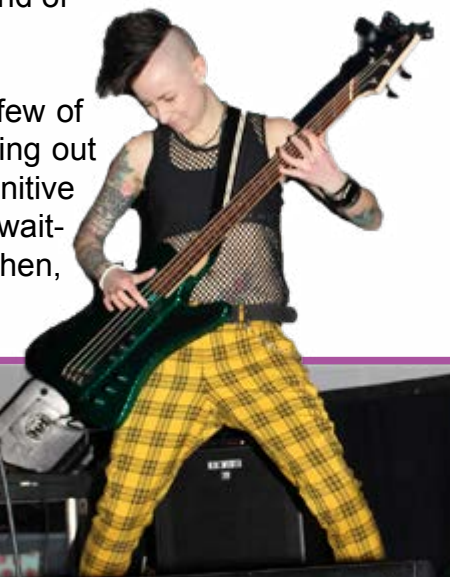

They are shooting music videos for a few of their singles, which includes "Magic Pill" coming out in March. Even though we don't have a definitive date of their next show, we will be patiently awaiting for the magic they bring to the valley! Until then, find their videos and music on Youtube!

Presents

A warm treat that seems to be quickly growing in popularity is Peach Street Revival. The band has a large following in the Valley, which was apparent when the floor quickly filled with eager enthusiasts.

They have become a lot busier and will be on the road this summer. They couldn't specify when we can see them again; however, their roots are in Mesa County. Gonzales, lead singer for the band says, "Mesa Theater

JUDY'S

MATTRESS warehouse

Judy Backer has lived in the Grand Valley since 1984. As she watched Mesa County grow over the years, she realized the need for a place where people can get great mattresses without getting gouged.

When Judy decided to start in the mattress industry with Mattress By Appointment, she studied mattresses; how they work, the quality of the materials used, and coil count all make a difference. After a few years with Mattress By Appointment, Judy decided to embark on her own.

Knowing how to make her customers happy and confident they have purchased at the right place is her duty. Judy says, "When purchasing a new home, most people refer to the expertise of real estate agents; specialized professionals that have been and will be selling homes for years. Why accept less expertise when you need to fill your new home with Mattresses & Bedding Accessories? Stop and think about it. If you really want help -- go to the experts!

We have been in the Mattresses & Bedding Accessories business for years.

That's what we love, that's what we do, and that's what we know. So if you want to get your money's worth, come shop with us and expect nothing less than expert advice and service. We are locally owned and operated and it's our business to know everything about the most popular and reliable manufacturers around. We have long standing relationships with the biggest manufacturers and know all of our products inside and out. The result? You get exceptional service for the life of your Mattresses & Bedding Accessories.

Come shop where experts can help you choose the right Mattresses

& Bedding Accessories to match your budget, needs, and style. Come shop where it's easy to protect your new investment with professional installation and extended warranties (if available). Judy's Mattress Warehouse is where you can expect exceptional service for the life of your new purchase".

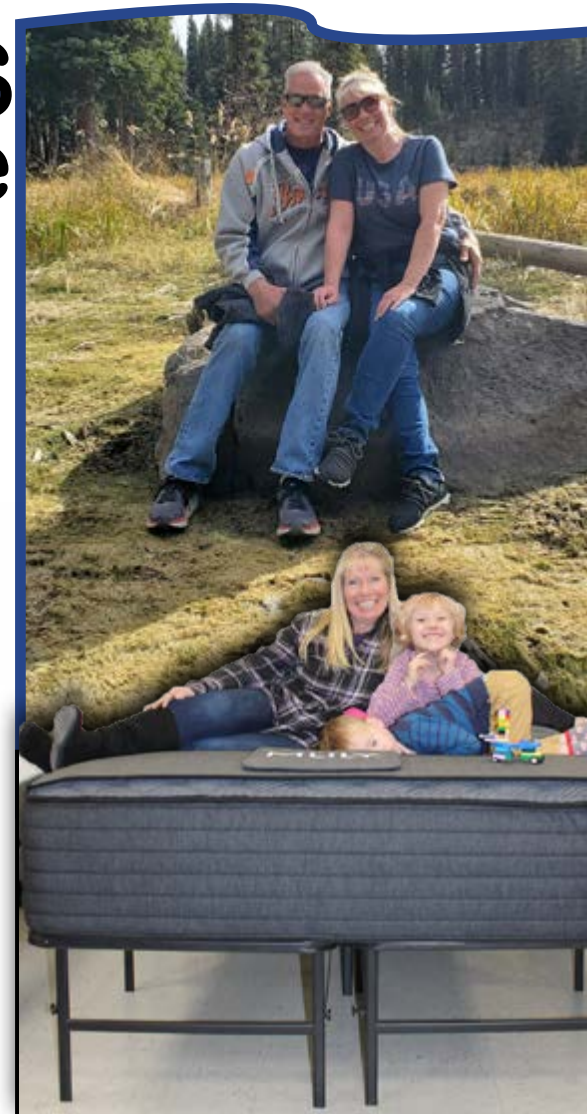

Judy is also selling furniture. Anything on Ashley Furniture's website can be acquired by her at a discount. She has some items at her location, but can get any item delivered quickly and guaranteed. Other brands she sells are:

Sherwood Bedding, Beauty Rest, Sert, Sealy and Mlily. She also has Crib Mattresses by Bundle Of Dreams.

Judy and her husband Vance have been married for 15 years. Bringing two families together, they have four daughters between them, and 4 grandchildren. Brittany and her son Brantley are on the cover and two of them are above; Olivia and Barrett.

Judy and her family invite you down to experience mattresses for every sleeper. She has the best prices in town and carries everything from foam to hybrid mattresses.

She is offering a *free* mattress protector with the purchase of a king size mattress. They start at a phenomenal price of \$275. Judy offers financing in house, and plans to give you the best mattress or furniture buying experience you have ever had!

LOVE & charity

It's nice to see people going above and beyond. We have a great community that is willing to help any way they can. Food has become a problem for many people! Inflation is sucking our pocket-books dry and not everyone can afford the basic necessities.

Everything on grocery store shelves has gone up. Eggs being the prime example. Some might have to choose whether to buy food or pay their bills. Whatever the reason, Canyon View Vineyard Church is here to help with their monthly food drive.

They had an overwhelming response on 28 rd. and North Ave. which Landon Miracle, representative of the church says happens the 3rd Sunday of every month. They do get help from Homeward Bound to use their vehicles, as well as Food Bank of the Rockies for more food resources.

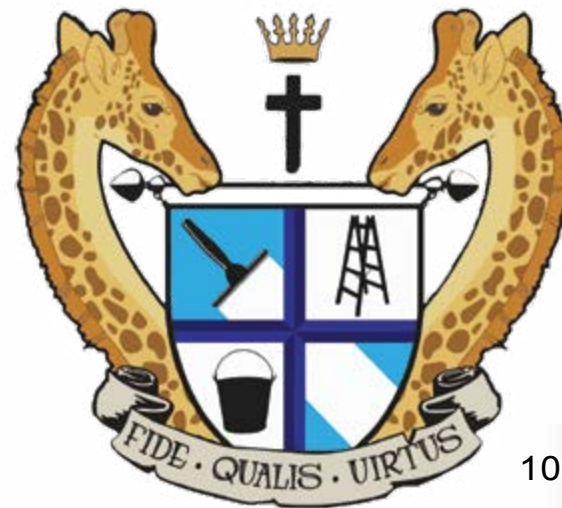

Food isn't the only commodity raising in price. As mentioned in a previous article, water prices are going up, and in recent news we discover Food Assistance programs are going to be cut starting in March:

There are several changes that may affect SNAP household's benefit amounts over the coming months. The temporary boost to SNAP benefits put in place during the COVID-19 pandemic, known as emergency allotments, will end nationwide after the February 2023 issuance. In addition, households that receive SNAP and Social Security benefits will see a decrease in their SNAP benefits because of the significant cost of living increase to Social Security benefits that took effect on Jan. 1, 2023.

<https://www.fns.usda.gov/snap/changes-2023-benefit-amounts>

We are grateful for the nameless heroes like the volunteers at Canyon View Vineyard Church. More resources are available through Clifton Church, Food Bank of the Rockies, Community Food Bank and the Catholic Outreach.
